Taxes

Swiss Federal Stamp Duty	For Swiss stamp duty purpose, the Product is treated as analogous to a bond. Therefore, secondary market transactions are, in principle, subject to Swiss stamp duty (TK22). The possible Delivery of the Underlying may be subject to Swiss stamp duty.
Swiss Federal Income Tax	For tax purposes this Product is classified as transparent, where the majority of the return of the bond part is in the form of a discount or of one payment on the Redemption Date (IUP). Therefore, for private Investors with tax domicile in Switzerland holding the Product as part of their private property, the increase of the value of the bond part (according to the "Modifizierte Differenzbesteuerung") at sale or at redemption is subject to the Federal Direct Tax. The present value of the bond part at issue is the Bondfloor per unit. An Investor who buys the Product at issuance and holds it until Redemption is taxed on the difference between the Bondfloor at the Issue Date and the Bondfloor at the Redemption Date. However, any gain derived from the option is considered as capital gain and is therefore for such taxpayers not subject to the Federal Direct Tax. The tax treatment regarding the cantonal and communal income taxes can differ from the tax treatment regarding the Federal Direct Tax. But in general the income tax treatments are corresponding.
Swiss Withholding Tax	The Product is not subject to the Swiss withholding tax.

The tax information only provides a general overview of the potential tax consequences linked to this Product at the time of issue. Tax laws and tax doctrine may change at any time, possibly with retroactive effect.

Investors and prospective Investors are advised to consult with their tax advisers with respect to the Swiss tax consequences of the purchase, ownership, disposition, lapse or exercise or redemption of a Product in light of their particular circumstances. The Issuer, the Guarantor and the Lead Manager hereby expressly exclude any liability in respect of any possible tax implications.

This product (hereinafter «COSI Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments» («Framework Agreement»).

The Issuer and EFG Financial Products AG («Collateral Provider») have concluded the Framework Agreement on September 15, 2009 and the Collateral Provider undertakes to secure the current value of the COSI Product in favour of SIX Swiss Exchange.

The legal position of the Investors in relation to the collateralization of the COSI Product is determined by the provisions of the Framework Agreement. The core elements of the collateralization are summarized in a SIX Swiss Exchange information sheet, which is available at «www.six-swiss-exchange.com». The Issuer shall, upon request, provide the Framework Agreement to the Investors free of charge in the German version or in an English translation. A copy of the Framework Agreement may be obtained from the Lead Manager at Brandschenkestrasse 90, P.O. Box 1686, CH-8027 Zurich (Switzerland), or via telefon (+41-(0)58-800 1000), fax (+41-(0)58-8001010) or email (termsheet@efgfp.com).

The costs for the service provided by SIX Swiss Exchange with respect to the collateralization of COSI Products of currently up to 15 Basis Points (0.15%) of the total value of the collateral as well as the borrowing costs of the collateral may be taken into account for the pricing of a COSI Product and may therefore be borne by the Investors, as the case may be.

SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Product pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

The current value of this COSI Product is determined by method «A (Fair Value)». More detailed information about the calculation method is available at «www.six-swiss-exchange.com».
